

2009 Georgia Exam Schedule

Exam Date	Locations: Please note:
5/11 – 5/22/09	All exams are given at the following locations for all exam dates: Decatur, Lithonia, Marietta, Macon and Savannah.
6/13 – 6/24/09	
9/31 – 9/11/09	
11/9 – 11/20/09	2 exams per day, per location.

The state exam procedures have changed for 2009. Instead of one day, you now have a “window” of 10 consecutive days in which to take the state exam. You can also register and take the exam on the same date. All exams are given on a pc. There are no more paper exams. To register for the GA exam, go online to www.sos.state.ga.us/plb/water. To register online, you must use a credit card. If your company prefers to issue a check, you will need to download forms and mail them **no less than five weeks before the exam**. For more information, call the Certification Board at 478-207-2440.

About our instructors:

Athan Tsarouhas, PE, holds a Georgia Class I (highest level) Wastewater Treatment Operator license. He specializes in pretreatment permitting, equipment operations and troubleshooting. He has over 20 years of operating experience. He enjoys “hands-on” application by working with industrial operators in process improvement and development.

Donald Niebruegge holds a Georgia Class I (highest level) Wastewater Operator license, and is a certified Wastewater Laboratory analyst. He is an OSHA General Industry Outreach trainer, and trains clients in EPA, DOT, OSHA courses and holds a B.S. in chemistry from GA Tech, and an M.S. in chemistry from the Univ. of GA. Don oversees a number of WW treatment operations and contract operations.

LAW & COMPANY

Industrial Wastewater Training Course

Industrial Wastewater Treatment
4 days – 12 CE Points

Our most popular course! Learn Industrial phys / chem treatment processes and prepare for the Georgia Industrial Licensing exam. Course material is regularly updated and includes lectures, practice questions, discussions, and guest speakers. Topics include:

- Georgia Certification Requirements
- pH / Neutralization
- Coagulation, Flocculation, Clarification
- Treatment of Metal Wastes
- Dissolved Air flotation
- Filtration, Activated Carbon
- Applied Math Practice
- Treatment Plant Tour
- Practice Test and Exam Review

Continuing Education Courses

Operators must renew their license by June 30th every other, odd-numbered year. The next renewal deadline is June 30, 2009. Operators must obtain Continuing Education (CE) points by the renewal deadline (12 points for the Industrial license, 6 points for Biological Class III). No points are required for the first renewal.

Law & Company, Inc. regularly develops courses to help operators receive CE points, including:

- Stormwater Management for Operators
- Hazardous Waste Management for Operators
- Treatment of Metal Wastes
- Laboratory Analyst
- Hazardous Communications (HazCom)
- Biological Treatment
- Wastewater Process Control
- Jar Testing

Continuing Education classes are offered as open-enrollment or can be taught onsite at your facility. Please call 1-888-793-6266 for more details about onsite training classes.

Industrial Wastewater Treatment Courses
